Accepted article number 2.

From: em.sajb.0.8df9e6.8f939916@editorialmanager.com on behalf of *South African Journal of Botany*
To: [Ntangi Geraki Mariri](#)
Subject: Decision on submission to South African Journal of Botany
Date: Tuesday, 10 September 2024 03:20:37

Manuscript Number: SAJB-D-24-02384R1

The in vitro cytotoxicity, genotoxicity and LC-ToF-MS profiling of four South African plants with good antifungal activity

Dear Mr Mariri,

I am pleased to inform you that your manuscript has been accepted for publication.

Your accepted manuscript will now be transferred to our production department. We will create a proof which you will be asked to check, and you will also be asked to complete a number of online forms required for publication. If we need additional information from you during the production process, we will contact you directly.

We appreciate and value your contribution to South African Journal of Botany. We regularly invite authors of recently published manuscript to participate in the peer review process. If you were not already part of the journal's reviewer pool, you have now been added to it. We look forward to your continued participation in our journal, and we hope you will consider us again for future submissions.

Kind regards,

Ida Risenga
Review Board Editor
South African Journal of Botany
