ANNEXURE A: SEMI-STRUCTURED INTERVIEW SCHEDULE

TITLE: The impact of the National School Nutrition Program in the primary schools in Mahwereleng Circuit in Limpopo Province

Main research question:

- What is the impact of the National School Nutrition Program in the primary schools in Mahwereleng Circuit in Limpopo Province?

Time frame: 30-45 minutes.

INTERVIEW PROCEDURE

- The researcher greets the research participant
- Researcher introduces herself
- The researcher explains the focus of the study
- Participant study and sign the informed consent form as consent for participation
- Researcher assures confidentiality and anonymity
- The researcher gathers biographical data.

SECTION A: Biographic data

1.1. For how long have you been teaching at this school?

1.2. What is your qualification?

1.3. Which grades and subjects are you teaching?

SECTION B: How the National School Nutrition Programme implemented in Mahwereleng primary schools.

1. How is the NSP managed at your school?
2. How are you involved in the NSP at your school?
3. Comment on how the meals are prepared at school?
4. What can be done to improve the quality of meals?

SECTION C: Teachers' experiences on the implementation of National School Nutrition Programme in Mahwereleng primary schools.

5. Comment on the success of NSP implementation in your schools?
6. What are the challenges you are facing on the implementation of NSP at your school?
7. How did the school feeding programme respond to the demands imposed by Covid-19?

SECTION D: The impact of the National School Nutrition Programme to learners' welfare and performance in schools.

8. In your views what are the effects of NSP to learners' welfare you have observed in your school?
9. Comment on the impact of NSP programme to learners' performance at your school?
10. What changes have you noticed in the learners in your school as a result of NSP?

SECTION E: Alternative strategies to improve the National School Nutrition Programme in schools.

11. What measures are taken at your school to improve the management of NSP?
12. What suggestions can you make for NSP to positively impact on learners performance in your school.

Thank you for your cooperation.

REQUEST TO CONDUCT A RESEARCH INTERVIEW AT SEGOA-KGALA PRIMARY SCHOOL

DEAR SIR

I am a Master's Degree student in the Department of Humanities at the Central University technology Free State Campus. As part of my course, and under the supervision of Dr Ngobeni and Prof Sepeng. I am conducting research on the impact of the National School Nutrition Programme at Segoa-kgala Primary School in Mogalakwena District Limpopo Province. The research's aim is to investigate the impact brought by the National School Nutrition Programme at Segoa-kgala Primary School. The school has been selected because it is found in the deep rural area and where most of the parents are not working and depends on the Social and Child Support Grands for survival. I am asking Segoa-kgala Primary School to participate in an unstructured interview which will be scheduled at any day after permission is granted. The information will be treated confidentially. There will be no anticipated risk, compensation or direct benefits to the school as a participant in this interview. Findings and recommendations of the study can also be used by the

school, the circuit and district to make improvement on how the National School Nutrition Programme should be implemented. The school is free to withdraw its consent to participate and may discontinue its participation in the interview at any time without consequences. If you have any question about this research please contact me at 082 399 9030: email: tglebese26@gmail.com or my supervisor Dr. Ngobeni E.T at 082 218 0033 or the HOD of the programme Dr Modise at 082 703 4127.
